### Young Children and Vulnerable Persons Act

The Club does not maintain appropriately trained, vetted and approved persons, as required by the relevant legislation, for the supervision of children and vulnerable adults and is unable to accept any such individual into its care at any time.

A parent, Guardian or other person consenting to that role under the instruction of the legal Parent/Guardian, must always accompany Junior Members below the age of 16 years and vulnerable adults to Club premises and at Club events.

I have read and agree to the above condition regarding Young Children and Vulnerable Persons.

Signed..... Full Name..... Date.....
